Tom,

It was great meeting you yesterday and thank you again for hosting our reception. It was a nice touch for us to be able to have a local celebrity MC the event rather than myself, so I appreciate you donating your time. I hope we didn't throw off your day's schedule since you keep some unusually early hours.

Please also extend my thanks to Tim for donating the microphone system and Jimmy for setting it all up. We look forward to including Clear Channel in more of our events in the future.

Thanks, Amy

Dear Allen, Harold, and Friends:

On behalf of Medina Children's Home, I would like to thank you for your generous donation of \$750.00 contributed to the **2003 San Antonio Golf Tournament.** We appreciate your kind remembrance of our benevolent work and your desire to serve others.

Daily, here at Medina Children's Home, we prepare abused, neglected, and abandoned teens for a bright, productive future. With your donation, we purchase needed clothing and school supplies for them, plus pay for their extracurricular activities equipment and fees. This is in addition to providing a safe, warm cottage and nutritional food for all our children.

Likewise, we enable many of our single-mothers to get their GED, high school diploma, or college degree so that they may support their families. We hold parenting classes and sponsor museum/cultural excursions so they may develop a broader, more appreciative view of the world and the skills necessary to have healthy, happy families and productive lives. All this would not be possible without the loving concern and help that we receive from donors like you.

We would welcome the opportunity for you to visit our campus and see firsthand how your gift has benefited our children and single-mother families.

For the children,

Georgé W. Rose

Dear Ms. Ortiz, amparo

On behalf of the San Antonio Affiliate of the Susan G. Komen Breast Cancer Foundation and Redes En Acción from Baylor College of Medicine, I would like to extend you my gratitude for interviewing my research associate, Sandra San Miguel de Majors for your Saturday morning show Desde San Antonio. I would also like to thank you for taking the time to produce the Public Service Announcement (PSA) to promote our project, Nuestras Historias: Mujeres Hispanas Sobreviviendo el Cancer del Seno/Our Stories: Hispanic Women Surviving Breast Cancer.

As you may recall, the purpose of this project is to develop a bilingual and culturally sensitive book featuring the stories of Hispanic breast cancer survivors that will be educational and inspirational for women with breast cancer and their loved ones.

I'm very happy to announce that this project has received a great response from the Hispanic community from San Antonio and South Texas. We are about to initiate reviewing the forty-five stories that we received and should be selecting the stories that will be published in the book within the next few weeks.

Once again, thank you for your support and your interest to help educate Hispanic women from South Texas about breast cancer. We look forward to keeping you informed on this project's progress and collaborating with you in future projects.

Dear Amparo:

Enclosed is the information you requested for your interview on August 6 at 9:30 a.m. In the interview, we would like to discuss the March of Dimes Prematurity Campaign. Information will include what the March of Dimes is doing to help women learn the signs and symptoms of preterm labor and the action they should take to protect themselves and their babies.

The two volunteers that representing the March of Dimes are:

Jeanne (pronounced Genie) Ruiz, PhD, WHCNP, RNC

Women's Health Nurse Practitioner, Texas Perinatal Group San Antonio administered by Obstetrix and Pediatric Associates

Lorena C. Guerrero, RN, MSN, FNP

Project Coordinator, Department of Family Nursing Care "Preterm Birth Study" The University of Texas Health Science Center at San Antonio School of Nursing 567-0813 (office)

Dr. Ruiz is worried about her Spanish speaking abilities. She is wondering if they could work with you on getting four to five canned questions for her to practice. Ms. Guerrero is fluent and will have no problems at all. They will call to follow-up with you.

Just so you know, I'll be on vacation starting Monday, July 28 and returning to work on Aug. 6. If you have questions or anything needs to change, please contact Dr. Ruiz or Ms. Guerrero directly or you can call the March of Dimes Program Services Director Sheila Austin at 696-1030 x205.

Dear Amparo:

Had a nice chat with your existant, Bentric last week. The suggested I send these new Early ON N As your pays, but first want to say how much we really appreciate your elpinguis get this passage out... that parents are the first and most important teachers; child will ever have!

You may remember that we works the found Communication to produce the *Early ON* campaign fiction of VPSAs--creating a public face for the City of San Antonio Chao Readiness Initiative. A host of agencies conduct workshops and example in heighborhoods in every city council district designed to help parents better prepare their children for success in school.

The campaign's message is that it's a simple task... taking the time to connect with our kids... and it is infinitely rewarding. But in this harried world we often give in to the demanding pressures of our lives and give our children short shrift.

We hope these PSAs—this is now the third iteration in as many years—remind parents how simple and important their role is. I sincerely believe it is NOT hyperbole to say this is the single-most effective thing we can do today to insure an economically vibrant San Antonio twenty years down the road. In my mind, it's just common sense. You want healthy adults? Nurture children!

Ok, ok, I'm off the soap box now.

But I'll say this one more time though... thanks for helping us out.

Hope you like these new spots and will get them in rotation soon!

Sincerely,

Dear Amparo,

We would like to take this opportunity to thank you for your continued support of ARTS San Antonio, and sincerely hope that we can depend on the generosity you have shown us in the past by renewing your Maestro membership for the 2003-2004 season. As you know, your membership at the Maestro level directly aids our operational expenses, enabling our organization to present the finest in the performing arts and bringing arts education to our youth. Here are some facts about ARTS San Antonio that will help you to understand how we operate and why your donation this year is so critical.

How does ARTS San Antonio work?

Each year we work with partners within our city to bring fine performing arts at affordable prices for the benefit of everyone in our community. This year, ARTS San Antonio will present seven major artistic presentations. The performances cover the artistic genres of dance, music and theatre. In bringing the world's greatest performers to our city at ticket prices that most everyone can afford, ARTS San Antonio truly contributes to the quality of life in our city.

Why education is not complete without the arts?

Research has shown that a student's exposure to the arts is a crucial component of a complete education. The arts help develop critical thinking and self-discipline skills. They improve a child's early development, basic math and reading abilities. Enhanced self-esteem and the ability to work in teams and even improved school attendance are benefits associated with participation in the arts. This year, *ARTS San Antonio* will bring the arts, both performing and visual, to over 20,000 local students, through in-school arts workshops provided by our ArtsTeach program. ArtsTeach has been so successful that we are currently offering expanded workshops in nine local school districts in over 70 elementary and middle schools.

How is ARTS San Antonio able to accomplish its mission?

Ticket revenue accounts for approximately 60% of the expenses we incur. Additional funds are generated each year from dedicated individuals like you, business corporations, and foundations in our community.

Given the recent Federal and State budgetary cutbacks to the arts, we need your generous support now more than ever to help us continue providing our quality work for the benefit of San Antonio and the surrounding communities. Please take a moment today to send in your *Maestro* contribution of \$1,000 or more to *ARTS* San Antonio. If there is anyway that you could possibly consider doubling your contribution this year, it would be greatly appreciated and it would go a long way toward helping maintain our financial stability and long-term security.

As in the past, your *Maestro* contribution entitles you to a pair of tickets to two different events. In addition, you will receive invitations to special *Maestro* events and preferred seating for all of our shows.

Again, please know how very much we appreciate your gift. We look forward to seeing you at our performances and at *Maestro events* throughout the year. For your convenience a copy of our 2003-2004 season is enclosed. Remember it is because of you and your financial support that we are able to bring the best of the performing arts and quality arts educational programs to our community.

Sincerely,

Frank J. Villani President
